Your MU MBA Awaits

As a student at Manchester University, you have the benefit of adding the Accelerated MBA Program to your education at no additional cost, Plus you'll still graduate on time with your current declared major.

When can I apply?

The best time to apply is during the spring semester of your sophomore year. The deadline for enrollment into the MBA Program is Dec 1. You must have a minimum GPA of 3.0. You must be accepted into the MBA program before attending MBA courses.

Is it too late for me to apply as a junior or senior?

Junior and senior year students should apply right away. Keep in mind, you may need to work through the summer session or attend an extra semester to finish on time. Because you're joining the program later than your sophomore year, you will most likely need to attend additional online courses after your graduation.
